Confirmation of acceptance as a doctoral candidate

Dear Mr. Guha Ray,

I would like to inform you that the doctoral board of the School of Science has accepted you as a doctoral candidate on 28.11.2023 for the subject "Physics".

This letter also confirms the acceptance for the doctoral studies of the School of Science. However, if you wish to be enrolled as a doctoral student, you have to hand in a separate application with the matriculation office.

The acceptance as a doctoral candidate is limited to 6 years. If you have not submitted an application for the opening or extension of the doctoral proceedings within that time, the doctoral board may check your status as a doctoral candidate and, if applicable, exclude you from the doctoral list.

Please note that the School of Science only accepts monographs as dissertation. However, these can also be prepared on a publication basis. The submission of a cumulative dissertation, on the other hand, is not possible.

We wish you every success in the preparation of your dissertation.

With kind regards,

Prof. Dr. Clemens Kirschbaum
Chair of the doctoral board

Copy to responsible supervisor:

- Prof. Dr. Stephan Wolfgang Grill
